ZOMBIE NEITHER SOLDIER NOR CIVILIAN; IS VICTIM OF A GOVERNMENT POLICY

God Created Man. But Our Government, With Its Iniquitous Policy Of Attempting To Wage War On A Voluntary Basis, Created The Zombie.

GIRLS SHUN THEM

These Zombies Are Clothed, Fed And Housed At A Cost Of Millions A Year And Are No Value To Themselves Or The Country.

One of the finest and clearest cut articles, that has yet appeared, on the Zombie question and the incompetency of the MacKenzie King government in handling the vital manpower situation for the army and the conscription issue, appeared in the Toronto Globe and Mail last Friday, in the form of a letter, written by a man with a life long experience in the army, Major-General J. H. Elmsley (Retired). It covers the questions so well that we believe it worth reprinting for Independent readers.

God created man, but our War Government, with its iniquitous policy of attempting to wage war on a voluntary basis, has created the Zombie, who is a peculiar individual, as he is neither a soldier nor a civilian. Zombies are not ordinary soldiers, although trained as such, because, according to Col. Ralston, they are not to be used as fighting men until our volunteer system has broken down, and the cream of our Canadian youth as volunteers has been killed off or

"Red" Graham Is Breaking Records

Presents The Independent With a Tomato Weighing One Pound 13 Ounces.

"Red" Graham, the Paton Street Agriculturist, has again proved what intensive working of a garden will do when it comes to producing quantity and quality vegetables.

This time "The Bishop" specialized on tomatoes. He brought into The Independent office on Tuesday afternoon a tomato of the Beefsteak variety that weighed one pound and 13 ounces. Enough tomato to make a quart of chili sauce.

"Red" wants to know if there is anybody in the district who can produce a bigger one for this early in the season.

Major J. K. Mahony, of New Westminster, B.C., Canada's latest winner of the Victoria Cross. He was cited for gallantry at the Mel-fa River crossing in Italy, May 24, and was decorated with the nation's highest honor.

Small Fortune On Two Plum Trees

Wm. A. Coon Of Grimsby Beach Is Harvesting Record Breaking Crop From 25 Year Old Trees.

A quarter of a century ago A. W. Eickmeier of Grimsby Beach was living on the old Thos. Crow farm at the corner of No. 8 Highway and Hunter Road. He propagated a new plum tree for his own planting and also sold a few of the trees to his neighbours.

W. A. Coon, Park Road, purchased three of these trees and today, 25 years later, they are bearing the heaviest crop of their life time. The fruit is hanging on them in thick clusters like sweet cherries and the limbs are hanging down to the ground. On two of these trees Mr. Coon will not be surprised if he takes off over 100 baskets.

The trees are really enormous for plum trees, looking more like well aged apple trees. The one tree is 35 feet wide through the centre from outside to outside of the foliage and while the trunk is less than three feet from the ground where the main limbs branch out, it is five foot four inches in circumference.

At the price that plums are "W. A." has a small fortune on these trees.

Big Street Dance Coming Next Week

Firemen's Carnival To Be Held On Thursday And Friday Nights Next - Fun For All.

The big carnival that you have been waiting for -- The Grimsby Firemen's Charity Carnival -- comes to town next Thursday and Friday nights. The big show, as usual, will be staged on the Library Park grounds and the street dance will be held on the highly polished concrete on Depot street.

On Thursday night besides the Wheels of Fortune Bingo and numerous other games there will be presented a high class programme of vaudeville acts under the supervision of that super-duper comedian from Hamilton, Charlie Jackson. Assisting Charlie in providing fun and music will be Professor Sabu, Magician; Lou Raynes, Comedienne; Charlie Hayes, Dancer; Jeanette, Accordion; Duncan McGillivray, Dancer; and Mel Lang, Master of Ceremonies. The Firemen have spared no expense in trying to bring to you the best program for this evening obtainable. Do not miss it.

Of course Friday night is the night of nights. That is when you Dosh-a-do and ale-m-left to the lilt-ing music on Russ Creighton and His Canadian Mountaineers. There will be round dances, square dances and corny dances to the jitterbug nuts. Everything on the carnival grounds will be in full swing so be there early and stay late.

The grand prize drawing for the Kitchen Dinette Set; One Ton of Coal and the Mossel Blanket will be held on Friday night. Better buy some more draw tickets.

Narrow Escape From Lightning

Reports brought out of the dense Parry Sound bushland, by Indian runners, are to the effect that George and Helen Kammacher had a narrow escape one night last week when a bolt of lightning struck their summer cabin during a thunderstorm.

Little damage was done to the cabin but the shock was severe enough to stun them both for several minutes, but they have suffered no ill effects from their experience. We would like to have heard and seen Little Whizzer about the time he was recovering.

KILLED IN ACTION

Official notification was received last Friday by Mr. and Mrs. C. J. Emm, Elizabeth street, that Corp. Reginald G. Ballard, 35, had been killed in action in France on July 15th.

Corp. Ballard had resided with Mr. and Mrs. Emm for 11 years previous to his enlistment in 1939. He was born in England and came to Canada when a lad 15 years of age. He went overseas in 1940. He was a lover of flowers and had specialized in gladioli and had won many awards at the Grimsby Horticultural Society flower shows, on one occasion winning every class in the gladioli division.

CPL. CARMAN HURST

CPL. REGINALD G. BALLARD

In the months when he was not needed on the Emm farm he was a valued employee of the Farrell basket factory where he and Corp. Carman Hurst, whose death in action was reported in these columns last week, worked on the same basket making machine. They enlisted together, trained together and crossed the channel in the Normandy invasion together. Corp. Hurst was reported killed on July 12th, Corp. Ballard on the 15th.

Married since going overseas Corp. Ballard leaves a wife, the former Isobel Burns and an infant son.

CEILING PRICE ON PEACHES TAKES A DROP OF TEN CENTS

WOUNDED

Pte. Gordon White, of Winona, son-in-law of Alex and Mrs. MacKenzie, who was wounded in first invasion days, is progressing very favorably in hospital in England. His one leg has been amputated above the knee.

Pte. Arthur Mitchell Metcalfe, 23, of Grimsby, has been wounded in action in France, according to official notification received by his wife, Lance-Cpl. Nancy Metcalfe, C. W. A. C., attached to headquarters M. D. No. 2, Toronto.

A son of Mr. and Mrs. J. Gordon Metcalfe, of Grimsby, and

grandson of Councillor and Mrs. William Mitchell, of North Grimsby, he enlisted on July 14, 1940, by, he enlisted on July 14, 1940, and was wounded on July 14, 1944, exactly four years from date of enlistment. He was stationed on the west coast of Canada and later in Newfoundland before going overseas early in 1942. His wife, the former Nancy Howarth, of Grimsby, flew to the west coast where he was stationed there and when he was stationed at Nanaimo, they were married at Nanaimo, B.C., on August 5, 1941. While neither knew the other was there, he told in a letter received by his wife a few days ago, of meeting his brother, Gen. E. J. Metcalfe, in France.

Mrs. Fred McKinney, 12 Ontario street, received official notification on Tuesday morning that her son Pte. Wm. John McKinney had been wounded in France on July 19th. McKinney enlisted in June of 1942 when he was not yet 17 years old, and proceeded overseas in May of 1943, and was in France three weeks before he attained his 18th birthday. His father Pte. Fred McKinney is with No. 4 Co. Veteran Guards of Canada, with which unit he has been serving since the summer of 1941.

Little by little Merritt is becoming up-to-date. Council have authorized the erection of street name signs at all intersections. Grimsby did that 25 years ago.

Consumer Receives The Benefit -- Prices Of Plums And Pears Remain The Same As Last Year -- Crop Is Much Heavier.

EFFECTIVE AUG. 7

Floor Price For Processing Peaches Set At \$97.50 And \$92.50 Per Ton, Which Includes The Government Subsidy.

The Prices Board announced last week an order setting ceiling prices for peaches, pears and plums, and said the retail price of peaches will be lower this year than last as a result of the order.

Ceiling prices for pears and plums, covered in the same order, are unchanged from those of 1943, and the order, which sets the same ceilings for domestic and imported fruits, is effective Aug. 7 for peaches and plums, and Aug. 14 for pears.

Board officials said that 1943 ceiling prices for peaches were re-

Serving In Italy

Sgt. Guy Bernardo, aged 29, son of Mr. and Mrs. Edward Bernardo, 12 Emsley avenue, Mt. Dennis, formerly of Grimsby, is serving with the Royal Canadian Regiment in Italy.

He enlisted in September, 1939, and went overseas with the 1st Canadian Division landing in England on December 9. He went to France in 1940 and was within 15 miles of Paris when they got word that France had capitulated and that they had to get out at the shortest possible moment. Sgt. Bernardo was riding in a transport truck, and when it ran out of fuel, they burned it and set out for the coast on foot.

During his long stay in England he spent nine months in hospital owing to injuries received in an accident while despatch riding. His legs were broken at his back injured. He recovered and went to Italy in February, 1944, and has served with his regiment ever since. He got his sergeant's stripes in Italy. While in England he married an English girl from Petersfield, Hants. Served in the Auxiliary Fire Service.

DISHONEST FRUIT PICKERS CREATE PLENTY OF TROUBLE FOR OUTSIDE WHOLESALERS

Birth Rate Is Dropping Fast

1944 Figures Low -- Quite Possible There Will Be No Babies Born In Grimsby In 1945.

If we are to believe the Vital Statistics for Grimsby for the first half of 1944, up to June 30, and also for the same period in 1943, we would immediately come to the conclusion that the people of the town had ceased raising families.

The figures below for births, in both years, are terribly low, but they are also deceiving, for as a matter of fact there was an above the average number of births in the town in both years, only the figures do not show it on account of the fact that a child is registered in the municipality in which it is born, not in the municipality that the parents reside in.

As a result of Grimsby having no Nursing Home for maternity cases, our babies have been born in all the municipalities from St. Catharines to Hamilton and consequently are registered in those municipalities.

When West Lincoln Memorial Hospital gets functioning then Grimsby babies will all be born in North Grimsby and of course registered in that township, so it is quite conceivable that in 1945 there will be no births in the town at all and the township will have a tremendous birth rate.

Figures are as follows:

	1943	1944
Births	9	1
Marriages	16	15
Deaths	13	10

County Tax Levy Lower For Year

Grimsby Gets a Reduction -- Township Gets a Slight Boost -- Expenditures Will Be \$244,357.

The annual county levy was passed by Lincoln County Council last week, lowering the amount required by the county this year from each municipality except the Township of North Grimsby which gets a boost of \$479. Grimsby town gets a reduction of \$658.

Biggest factor in the general reduction was the cut in debenture debt costs from \$64,567 last year to \$11,841.56 this year. Total needs fell from \$251,887 last year to \$244,357 this year from the 13 municipalities.

Figures approved in the levying by-law are as follows, with 1943 year's amounts in brackets: Niagara-on-the-Lake, \$7,831.50 (\$8,310.40); Merritt, \$19,380.66 (\$19,801.89); Grimsby, \$13,727.13 (\$14,385.24); Port-Dulhuais, \$8,294.16 (\$8,575.36); Beamsville, \$7,118.30 (\$7,507.19); Niagara Township, \$31,761.22 (\$32,446.87); Grantham, \$30,211.55 (\$30,329.66); Louth, \$32,471.88 (\$34,379.71); Clinton, \$30,753.38 (\$32,381.08); North Grimsby, \$24,250.32 (\$23,811.50); South Grimsby, \$8,761.93 (\$9,008.37); Gainsboro, \$18,172.00 (\$18,960.78); Calstar, \$11,582.99 (\$11,989.54).

Council passed by-laws taking into the county system the "Bayview Creek Bridge" which has been

Division Court Office Closed

Ontario government last week closed Division Court district No. 3, at Smithville. Henceforth Grimsby Division Court office and officials will handle all the business of No. 3 court.

This means that Division Court Clerk Smith and Bailiff Harstone will handle all the business of the local court and all the cases for South Grimsby, Calstar and Gainsboro townships.

Graham Cosby was the bailiff of the Smithville court.

Retailers And Wholesalers At Distant Points Feel Wrath Of Consumer When They Discover Baskets Of Cherries Are Not All Luscious Fruit.

DESPICABLE TRICKERY

Local Shippers Have Weeds, Stones, Dirt, Twigs And Green Apples Returned To Them, That Were Found Layered In Bottoms Of Baskets.

While the cherry crop is only nicely finished, already wholesalers and retailers of fruit at distant points are complaining to the local shippers about the amount of dirt and refuse found in the bottoms of baskets of cherries.

The dishonesty of pickers is the cause of the trouble. Picking at so much per basket they can soon fill up a container if they have a layer of grass, weeds and dirt two or three inches deep placed in the bottom.

One wholesaler in Sudbury reported back to a shipper that in one shipment of sweet cherries he found five baskets with weeds to the depth of two inches in the bottom of each basket. From Windsor a shipper received a package containing dirt, weeds, twigs of wood, small stones and small green apples, that had been taken from the bottom of a basket and a report that several baskets in a large

Clarence Lewis District Deputy

Union Lodge, No. 7, A.F. & A.M., one of the oldest Lodges in Canada was again honoured on July 19th,

when Clarence W. Lewis was elected as District Deputy Grand Master of Hamilton Masonic District "B".

Right Worshipful Bro. Lewis has been keenly active in

Lodge work for a number of years. He was initiated into masonry in Union Lodge in 1920; was elected as Worshipful Master in June, 1928; is a Past "Z" of Grimsby Chapter No. 69, Royal Arch Masons, and a member of Hindoo Kooch Grotto of Hamilton.

Union Lodge was last honoured by having a District Deputy in 1929 when the late G. B. Macconachie was elected to that office.

The choice of Mr. Lewis to the high office of District Deputy is a particularly popular one with Union Lodge and also in the whole district where he is very well known. Union Lodge is looking forward to a very busy year and is sure to follow with keen interest the tour of the new District Deputy in his official capacity during the coming year.

FACTS & FANCIES

Frank Fairborn, Jr.

THE SOUTH SEA UTOPIA

Interesting and very enlightening comparisons between Canada and New Zealand were recently put to Parliament by Thomas Reid, Liberal M.P. for New Westminster. His original figures challenged by CCFer Gillis who very clearly did not like Parliament getting this particular information, Mr. Reid went back to work a second time on his comparisons determined to get them exact and airtight. Here are some of the comparisons he worked out as they appeared in the Financial Post:

Per Capita Debt	New Zealand	Canada
Dominion	\$1,024	\$670
Dominion plus local govts.		
(plus provincial in Canada)	\$1,152	\$906
Rate of Interest	3.24%	2.60%
Per Capita Load		
On interest charges	\$28.75	\$14.65
Per Cent Debt		
Payable outside	.33	3.3
Income Tax		
Single Man		
\$700 a year	\$53	\$13
Married man, two children,		
\$1,500 a year	\$154	\$25.50*

*Pre-latest Canadian budget, refundable deducted.

Dreamers and writers about Utopias in the past have carefully built their airy castles in some little-known, far off, much romanticized place where their unwary readers might be beguiled into holding the improbable probable, the nonsensical sensible and the unreal real.

Hence, New Zealand has served CCF needs admirably and the CCF spokesmen are the self-appointed authorities on, and purveyors of "dope" about, New Zealand.

That the facts and figures about New Zealand which are agreeable to the CCF and which it so assiduously circulates are carefully selected was again evidenced by the Gillis squirmings as the indomitable Mr. Reid fought his way through interruptions to report his findings.

Mr. Reid's picture of New Zealand included the following:

On income tax "they pay more in New Zealand until the sum of \$10,000 per annum is reached, and thereafter it gets less whereas in Canada it increases very greatly indeed," he declared.

Mr. Reid said:

"I wonder if (the CCF) would mind telling the labor unions and the labor people this story. In New Zealand they have what is known as the flat wage schedule. The artisans, the men of ability who may spend seven or eight years learning a trade in that country get on the average only five cents an hour more than the ordinary helper."

"I want them to go through the story and tell our artisans that if we adopt the same kind of government in this country as they have in New Zealand we might have that here."

"I should like them to tell the people this also. They do not pay the women in comparison to the men anything like what we pay them in Canada, because they do pay them less than 50% of what the men receive."

Penned and Pilfered

A Chinese boy learning English is credited with the following thesis on the banana: "The banana are great fruit. He are constructed in the same architectural style as sausage, different being skin of sausage is sausage, different being skin of banana are habitually consumed, while it is not age are habitually consumed of banana. The desirable to eat wrappings of banana. Sausage banana are held aloft while consuming, sausage are usually left in reclining position. Sausage depend for creation on human-being or stuffing machine, while banana are prison product of honorable Mother Nature. In case of sausage both conclusions are attached to other sausage: banana on other hands, are attached one end to stem and opposite termination entirely loose. Finally, banana are strictly vegetable kingdom, while affiliation of sausage often undecided."

IN DEFENSE OF WOMEN'S RIGHTS

Women rivet, drivetrucks, fly planes, ignore their franchise in Parliament, smoke and refuse to wash dishes. The chains have been completely torn. Women are as free as men, even unto tanding on street cars.

From now on it is no longer question of getting women's rights, but defending them against all comers who would infringe on them. That is often the way No sooner is some great principle won than somebody starts to whittle away a bit here, a piece there.

All believers in equal rights for women—the single standard—and who share with the Privy Council the opinion that women should be eligible for appointment to the Senate because they are "persons," should now organize. Now is the time for all good men to come to the aid of women.

The editor of the Midland Free Press-Herald writ in his journal that "beach costumes are not for the main streets of our towns!" He is opposed to women wearing shorts and kerchiefs where they will! He says women are more immodest than men! That "when a woman, either she be young and slim, or middle aged and billowy, essays to walk down the main street clad only in shorts and a kerchief, she should be stopped by the police and told to go and put some clothes on!"

Not only is the editor's view an attack on the right of freedom for women to wear as many or as few clothes as they wish, but he shows a lamentable lack of discrimination in his taste. There might be some question of calling out the police when some types of women walk down the street or even walk on the beach, in shorts and kerchiefs, but not for all.

Let us put it this way: If Marlene Dietrich, Rita Hayworth, Betty Grable, Hedy Lamarr and Lana Turner walked along Main street in shorts and kerchiefs would it be becoming of us to complain and put in a quick call for Police Chief Turner? Of course not. If Marlene, Rita Betty, Hedy and Lana want to walk past our windows in shorts and kerchiefs who are we to object! Have women no rights? Have men all the privileges of keeping cool?

Now we don't know what the editor of the Free Press-Herald wears. It may be long underwear or red flannels. And if he does, who is there to object, certainly not us. In fact, we would any time defend the right of Miss Grable and Miss Hayworth and, if you will, Miss Alice Faye to wear shorts and kerchief when and as they wish; just as much as the editor of the Midland weekly would spill his inkpots for the right to put on his long combinations.

We have seen no philipics by the Midland editor against those pink thingamagigs that women wear. We don't know what they are called. But those we have seen, in shop windows, are pink, and are not long, nor are they short, but reach down to about "here."

We warn the Free Press-Herald editor that he is in for trouble. Not only for his attack on the true rights of women, but for this sentence of his in the same editorial: "There is a place for nudity, but it is in the privacy of the home bedroom, not on the main street." We warn the editor that should he find his newspaper office picketed by the makers of women's pyjamas and nightgowns, with placards accusing him of trying to ruin two important industries, he has only himself to thank.

As for ourselves, we are on the side of freedom.

THE PRICE

The trouble with a lot of us is that we want to accomplish many things, but aren't willing to pay the price. If life were a game in which the rewards were handed out on a silver platter to anyone who happened to ask for them, lots of folks would sleep in rose beds. But, unfortunately, we have to reckon with the thorns.

"He who would climb a tree must grasp its branches—not the blossoms," said Thackeray. Which means that we must pull ourselves up over the rough places, and not expect simply to coast downhill all the time.

We get mostly what we go after—if we go after it hard enough. About the only thing that has ever come into our life without effort is trouble; and much of that can be traced to a desire to take hold of the blossoms instead of grasping the branches.

Thorns serve a purpose. They teach us that even in plucking roses, one must go about it with care and skill and practical knowledge—or get stuck.

This is a very hurried world, and it is hard to get attention. Advertising gets it for any business.

'WAY BACK WHEN

Frank Fairborn, Jr.

What today is Grimsby Town, North Grimsby and South Grimsby Townships was originally Grimsby Township. This large tract of land was split for the first time in 1876 when Grimsby was incorporated as a village. Then in 1882 the township was divided into what is now North and South Grimsby Townships.

Through the courtesy of Miss Marion Pettit, we publish here a copy of a "Voters' List for Ward No. Two, in the Township of Grimsby, for the Year 1864." J. R. Pettit, Esq., was presumably the clerk or Secretary of the then Township, as his name is signed to the list, which is written by hand in pen and ink.

This particular list apparently was used by a scrutineer at a polling booth, if they had such men in those days, for there is either the initial "H" or "W" opposite the name of each man, that apparently voted. As there are a lot of names without notations, there must have been a small vote polled, if our deductions of the markings are correct.

The system of making cheese in factories originated in Herkimer County, New York State, about 1851 and this district played a leading part in the development of the industry. In 1863, Harvey Farrington, a successful cheesemaker of Herkimer County, paid a visit to Oxford County, Ont., and was so impressed with its suitability for cheesemaking that he moved his family there and started the first cheese factory in Canada in the following year in the Township of Norwich on the farm of G. V. Long.

Four other factories were opened in the county the year afterwards, and the town of Ingersoll became the centre of the cheese industry. In the same year, 1865, another United States' citizen named Strong, opened a factory in Eastern Ontario near Brockville. At the same time factories were started in the Province of Quebec. It was not until 21 years later that the first cheese factory was opened in the Prairie Provinces at Shoal Lake, Manitoba.

Although Ontario can claim the first cheese factory, the first creameries and introduction of the first cream separator were established in Quebec Province. As far as records show, the first creamery was started in Huntingdon County in July, 1873, Ontario following two years later with a creamery at Teeswater. In the early days before the introduction of separators, cream was obtained by setting milk in large flat pans.

OLD COOK BOOK

A cook book dated eighteen eighty-three. That my old mother handed down to me. Full of old recipes—I wonder where they ever gathered up such bills of fare. Soups, jellies, pies of every hue and shade, Cross bars and "kivered," every kind was made.

A Christmas cake from Queen Victoria's day. Buttermilk scones, seed cakes with caraway, Plum duff, and gingerbread, brown buttered toast, A Yorkshire pudding cooked above the roast, Braised duck, fillets of sole and caviare Washed down by some old vintage rich and rare.

Spiced apples, raisin loaf and hot-crisp buns, Old-fashioned cookies, lovely Sally Lunns, Sweet ginger pears, and herrings served in brine, Brown Betty pudding, cabbage shredded fine, Roast suckling pig with dressing bulging out—A little sprig of parsley in its snout.

I wonder how they ever lived to write The bills of fare that greet my eyes tonight.

When is a Dollar Not a Dollar?

When it won't buy a dollar's worth of goods! For instance, compared to present-day standards, your dollar of the last war was worth, not a dollar... but sometimes

less than 50%... Housewives, who went marketing in 1917, had to part with

for a four-pound jar of jam which you buy to-day for... Dad's winter underwear

set him back... then, as compared to the... he could buy it for to-day.

You get a lot more for your money NOW... because price ceilings and

other anti-inflationary measures have kept the value of your dollar HIGH!

That's why it will pay you to see that selfish spending never undermines

price control in Canada. Remember you protect your dollar's worth when you

use your money wisely... when you pay off debts... refuse to buy

needless luxuries... give black markets a wide berth... and don't hoard goods.

Make This
Pledge
Today!

I promise to give my support to keeping the cost of living down. I will buy only what I need. I will observe the ceiling whether buying or selling goods or services. THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economist

Hello Homemaker: While distant fields seem very attractive to picnic planners, it has taken an "AA" gasoline ration to enable many families to discover the possibilities of their own backyards. After all a picnic is more or less a matter of eating outdoors.

So why not plan frequent suppers or lunches that can be carried outside. You'll find that children think it is an adventure, and it's not much trouble. A shady spot with some cushions or a rug to sit on, a place to put the extra food and you are all set. If you have enough small trays, so that each person can have his own, it will be perfect.

No dining room to clean up, few dishes to wash and everybody's happy. The picnic is a great institution.

LUNCH

Picnic appetites are likely to be big, so plan the eats accordingly. Sandwiches are easy to prepare and good to serve; use soft rolls

or bread sliced not too thin. Salads in chilled bowls should be filling, potato with onion, raw cabbage with radishes, jellied beet with peas, string beans with raw carrots. Relishes, the ones you can pick up with your fingers, stimulate the picnic meal—radishes, wedges of cucumber, small tomatoes, strips of pepper, pickled eggs, etc. Desserts are not a problem during the fresh fruit season: serve fresh fruit and a few cookies. Order half pints of milk for the day and chill before serving.

SANDWICH FILLINGS

1. Five medium sized eggs will make about one cup of filling.
2. Mince or grind cooked tongue, beef, pork or other meats. Season with salt, pepper and mayonnaise or relish.
3. Crisp vegetable fillings may be served at the picnic on the lawn since they may not be shortly before the meal. Shredded lettuce, sliced tomatoes, minced onions, grated greens, etc. are good moistened with very little seasoned salad dressing.

TAKE A TIP

Stains on summer clothes may be removed at home if treated immediately using the following steps: a few drops of stain remover should be applied to the stain. Rinse material. If stain is stubborn, hold the stain in steam over the spout of a boiling kettle. Apply "remover" again.

1. For berry stains use javel water on white cotton, linen, or rayon. Sponge coloured cotton, linen, or rayon with warm water before applying lemon juice or peroxide.
2. Mercurchrome stains are removed by treating all fabrics with wood alcohol, then vinegar, and then wood alcohol again.
3. Mildew left for any length of time is almost impossible to remove. Wash as soon as noticed in hot, soapy water, then put into javel water and oxalic solution (three or four tbs. for quart of water) alternately.
4. Grass stain on white cotton, linen, or rayon may be removed with javel water or peroxide, but use wood alcohol on coloured fabrics.
5. Lipstick: sponge marks on cottons and linens with a stain remover or carbon tetrachloride; on all coloured fabrics, work in cold cream, then follow with carbon tetrachloride.
6. Paint may be removed by soaking stain in turpentine or carbon tetrachloride.

All stain removing agents should be removed by sponging or washing all material, then press, using absorbent cloth over cleaned material.

THE QUESTION BOX

H. suggests:

FRESH LEMON CEREAL COOKIES

1/2 cup shortening, 1 cup sugar,

Torn But Easy To Darn

Draw the edges together neatly with fishbone stitches. Darn the tear beginning the stitches half the length beyond and also half the length of the cut above and below. Keep an equal number of stitches in rows because there is no thin or worn spot. Darn for two thirds across the tear. Repeat on the opposite side and continue across the tear, let it with the line of stitches. Complete the first block of darning level with the line of second block. . . . The crossing should form crosses, steps or "T's."

2 eggs, unbeaten, 2 teaspoons grated lemon rind, 3 tablespoons lemon juice, 3 tablespoons water, 1 cup sifted pastry flour, 1 1/4 cups rolled oats, 3 teaspoons baking powder, 1 teaspoon salt.

Cream shortening, gradually adding sugar; cream until light and fluffy. Add eggs and beat vigorously. Add lemon juice, grated lemon rind, and water. Sift together, flour, salt and baking powder. Add sifted dry ingredients to sugar mixture; then add rolled

oats, mixing well. Drop from teaspoon on greased pan. Bake in electric oven 375° F. for 12-15 minutes. (Bake 1 cookie first; if it spreads too much, a little additional flour may be required).

Mrs. M. B. G. asks: Should Jelly be boiled slowly or rapidly?

Answer: Jelly should be boiled

rapidly. Long, slow boiling will destroy the pectin necessary for jelling.

Miss J. D. asks: Should jam be made with cane or beet sugar?

Answer: The test on cane and beet sugar shows them to be chemically the same. Either will be successful.

PLEASE DO NOT BLAME YOUR BUS DRIVER

It's not his fault that the bus is late or crowded . . . that you have inconveniences and discomforts. He only carries out his orders and has no control over war-time conditions. If you have any complaints to make, please do so at the company's head office . . . not to the driver.

TONS OF FOOD ARE GOING TO WASTE IN THIS DISTRICT! UNLESS YOU ACT NOW!

GRIMSBY, It's up to YOU!

This community is faced with the immediate task of organizing to SAVE FOOD materials urgently needed by our invading Armed Forces.

There is not available at this moment one half the farm help required to save the abundant food crops ready for harvest on farms in this community. Yet these crops *must be saved* to feed our invading armed forces—to whom food is as vitally important as ammunition. They can't win if they don't eat.

The man power needed to save this food can be provided ONLY in one way; and that way is by the citizens of this community organizing to provide help for its farmers; organizing the "spare hours" of its men in the cause of Saving Food for Victory.

The organization has two parts:

1. Organizing a Farm Commando Brigade, with office and telephone, where information can be given and the enlistments of loyal citizens received and through which men may be placed on farms requiring help most urgently.
2. Enlisting every available man in the community who will pledge his evenings, week-ends, holidays, half-days, —even a spare hour—during this critical harvesting period.

The Department of Agriculture of the Ontario Government will provide organizers and will co-operate and assist at every point in the formation and operation of the Farm Commandos.

The need is Urgent! It Requires Immediate Action! Unless such help is provided thousands of bushels of vitally-needed grain will go to waste in the fields in this district.

Don't Let Our Troops Down!

Come on, Grimsby!

HERE'S WHAT TO DO

Officials of the Municipal Council, Executives of Board of Trade, Merchants' Association and Service Clubs should arrange for an organization meeting as soon as possible. Ask the Agricultural Representative of the district to be present. He will be glad to assist and co-operate in every way. Or write direct to Ontario Farm Service, Parliament Buildings, Toronto, for information and literature. Let the farmers know what you are doing, enlist their aid in helping you to help them.

Act Now! The Need is Urgent!

Gordon Jones, Toronto officiating. The bride wore her travelling suit of Bermuda blue, and was unattended. A reception was held at the Village Inn. The couple will reside in Hamilton.

Grimsby Red Cross

"I know if our little ones could write, you would get twenty 'happy letters'." Thus said the matron of Great House Nursery, in Chippenham Wilts, England, acknowledging a shipment of jam and honey, made through the Red Cross and Womens Institutes. Since 1940, over 840,000 pounds of jam and honey have been sent from Ontario, to the children's nurseries, and hospitals, in Britain. Shipped in cases whose four sides bear the Red Cross, every case arrived safe. This experience has been duplicated annually until an official remarked: "It would be wise to ship some of the 'babies' jam' in every ship; some Mother-Mermah guards it from storm, fog and sob, safely ashore."

The number of blood donations reported from 71 established clinics and 214 sub-clinics throughout Canada for 1943 was 529,635, making a total of 750,932 donations since the first clinic was opened on January, 29, 1940. 22 Mobile Units were in operation at the end of the year. The objective of 15,000 donations weekly attained during the year was raised to 20,000 a week in December and was reached in the early days of 1944.

Five packing depots, at Montreal, Toronto, Hamilton, Windsor and Winnipeg, each packing 20,000 parcels weekly, or a total of 100,000 parcels in 1943. 7,800,000 parcels, containing 42,900 tons of food had been packed up to the end of the year of which 6,500,000 were shipped, and the balance awaiting shipment in the new year.

Miss Nem. Bourne of the Bank of Commerce staff is enjoying the Sauganey trip.

Grimsby Camp Of Farmerettes

(By H. Newson)

Once more the Farmerette Camp at Grimsby High has swung into its customarily lively stride, and the 1944 season promises to be one of the best yet.

A few difficulties such as an overwhelming population, and those foot baths which would "certainly be here tomorrow" have been met, and the girls are all comfortably settled in their summer home.

Our first big event was the Hag Hop—a gala event in which farmerettes appeared as couples. Such brilliantly portrayed characters as a prize-winning Spanish couple, Lil Abner and Daisy Mae, and many others graced the dance floor and added to the hilarity.

On Wednesday, July 26th, the neighbouring farmerette camps gathered at the High School for the annual play-night, to which the growers and their families were invited. Among those presented on the programme were: Kate Smith, Frank Sinatra, and many others, so with such celebrities on hand, the show was a success.

The camp will endeavour to make this column a regular event, to keep you posted on the doings up at the high school. We all love it here in Grimsby, and hope you like having us as much as we enjoy being here.

Well, that's all from this corner until next time, when this farmerette will once more take up the pen.

Porcupines of the Old World have quills measuring 16 inches in length.

Paper Salvage Conscious

Canadians in most sections of the Dominion are paper-salvage conscious in these days of acute waste paper shortage. In the picture above, a patriotic young Canadian housewife is bundling up the waste paper from her house in preparation for the community's next collection.

Obituary

RALPH WARREN BOWSLAUGH

Ralph Warren, infant son of L. A.C. Ralph Bowslaugh, R.C.A.F. (overseas) and Marion Bowslaugh, and grandson of John and Mrs. Bowslaugh, Ridge Road west, North Grimsby and Mr. and Mrs. F. MacDonald, Winona, died in Hamilton General hospital on Monday morning, at the age of nine weeks. Private funeral services were held from the home of Mr. and Mrs. MacDonald, on Wednesday afternoon. Interment in Queen's Lawn cemetery.

MRS. CHARLOTTE MCINTOSH

Charlotte Elizabeth Mottram, widow of Donald McIntosh, died Friday night at a Campden nursing home, following an illness of several years.

Born in England 71 years ago, she had lived in Canada for 58 years. After residing for some years at Grimsby, her husband being employed by the late Mrs. Makepeace. Mrs. McIntosh and her husband went to Vineland, where they had a fruit farm for more than 30 years.

The deceased was a member of the Vineland United Church and was active in the women's organizations of the church. Her husband died three years ago.

Surviving are two sons and seven daughters, Douglas Allan, Vineland, and Donald Joseph, St. Catharines; Mrs. Harvey Keep, Vineland; Mrs. William Philpott, Niagara Falls, N.Y.; Mrs. Christina Little, Hamilton; Mrs. Maurice Burns, Ebenezer, N.Y.; Mrs. Gladson Skinner, Port Robinson; Mrs. Robert Campbell, Burnaby; and Mrs. Harold Kennedy, Jordan; a sister, Mrs. C. Burns, Victoria, B.C.; three brothers, Joseph Mottram, Seattle; Fred and Arthur, of Victoria, B.C.

MRS. EMERY PATTERSON

Mrs. Emery Patterson passed away at the Grimsby Nursing Home on Friday last after a lingering illness. In her 62nd year, she was the former Amelia Bell Wilcox, daughter of the late Isaac and Isabel Wilcox, and was born in South Grimsby township on December 3, 1882.

Married 34 years ago, she had resided here for the last years. She was a member of Trinity United Church and was a past president of the Ladies' Aid and active in all societies of the church.

She was also a member of Lincoln Loyalist chapter, I.O.G.E., and had taken an active part in the local Red Cross until taken ill.

Surviving, besides her husband, is a son, Owen Patterson, at home; also three sisters, Mrs. Beatrice "Aufford, Beamsville; Mrs. Andrew Grassie, Port Colborne; Miss Myrtle Wilcox, Hamilton, and two brothers, Thompson Wilcox, South Grimsby, and Elwood Wilcox, Beamsville.

Rev. W. J. Watt conducted private funeral services from her late home on Sunday afternoon. Interment being in Queen's Lawn Cemetery.

Casket bearers were: A. J. Dew, Murray Beamer, Wm. McNiven, Fred Kitchen, Awey and Gordon Lipsett.

Coming Events

Notices under this heading will be charged at the rate of 35 cents for 30 words, or less. Over 30 words 1 cent per word.

The Women's Institute are holding a Bridge and Euchre at the home of Mrs. Leidens, 20 Robinson Street South, on Thursday evening, August 10th at 8 o'clock. Proceeds for West Lincoln Memorial Hospital.

On Thursday, August 3rd, the Women's Association of Trinity United Church are holding a picnic supper at 5:30 on the North Side of the Church grounds. We are anxious to have all members and newcomers attend. Every lady is requested to bring her own plate, cup and saucer, and cutlery. Both hot and cold drinks are being supplied.

Holding Draw For Fine Painting

An Original Oil painting, has been painted by Mrs. Jas. Lyne and donated to Grimsby Business Girls' Red Cross Group. Mrs. Lyne is quite an accomplished artist, having studied in Paris and New York, under John Gordon A.R.C.A. of Hamilton. She has exhibited annually in Hamilton, Toronto, and Montreal.

Tickets sales are going very well, but the girls are anxious to raise a goodly sum. Date of draw will be decided later.

The painting is now on display in Baker's window.

SALVAGE NEWS

Paper Shortage Is Very Critical

If our soldier boys are going to get food; Plasma or even good drinking water, we must have tons of waste paper.

We fully realize that you are busy but so are the boys on every fighting front.

We need paper waste more than anything else. We appeal to you to forget all other salvage and concentrate on paper of all kinds.

Newspapers and magazines tied up in neat bundles with good strong twine, or wire. Each bundle about 12" thick. Paper boxes should be flattened and tied in bundles. Our Committee can not get the help to tie up paper, that you send in loose.

We will have a collection both in the town and township in August, so please have all your waste paper ready for collection.

If the war is to be won quickly, don't delay.

When we advise you of date of collection be ready to have your bundles on the curb early.

Transportation and help are scarce, please co-operate.

Hilltoppers Are Still Winning

In a well played game at Stop 69 on Monday night, the Grimsby Mountain boys won out by the score of 4 to 2. Mounties scored their runs in the fourth inning and held Stop 69 scoreless until the seventh inning when they scored twice and one more in the eighth. Fox on the mound for the Hilltoppers pitched a good game holding Stop 69 to one hit for six innings.

L. & W. REGT. CELEBRATE THEIR 150th ANNIVERSARY

Colorful Ceremony At Old Niagara Camp Grounds — United States Guests Present — Regiment Is Direct Descendant of Lincoln Militia Which Was No Zombie Army — Large Numbers Attended Garden Party.

The 150th anniversary of the founding of the Lincoln militia was observed at Niagara Camp Grounds on Sunday in colourful ceremonies held by the 2nd (R) Battalion, Lincoln and Welland Regiment, the lineal descendant.

Major-General A. E. Potts, C.B.E., E.D., D.O.C., M.D. No. 2, inspected the battalion and took the salute at a march past on the grounds of historic old Fort George, the occasion marking the first time since the war of 1812-14 that armed troops have marched into the fort. Headed by its band, the battalion made a splendid showing and was highly complimented by General Potts.

On the reviewing stand with General Potts were Col. J. H. Van den Berg, commandant 32nd Brigade group C.A.A.; Lieut.-Col. H. G. Morrow, M.C., O.C. Lincoln and Welland Regiment, and staff officers. Beside the stand was Churchill, the bull-dog mascot of the fort, in charge of Bugler William Nugent.

Following the review, members of the battalion were hosts to a large number of visitors at a garden party on the camp training grounds. The regimental band played during the afternoon. In the evening a composite band, made up of members of the Canadian Corps Kiltie band of Niagara Falls, Ont., and the John J. Welsh Post American Legion band, of Niagara Falls, N.Y., played. The impressive ceremony of lowering the camp flag at 9 o'clock was in charge of a picket from Headquarters Company of the L. & W.

At the morning church parade, the regimental chaplain, Major A. H. Walker, E.D., gave a historical survey of the regiment. He pointed out that 150 years ago on the Niagara-on-the-Lake camp grounds the first muster parade of the Lincoln Militia was held after the Parliament of Upper Canada had passed the first Militia Act. "The district at that time," he said, "was populated by soldiers discharged from the British army and Loyalists of the American Revolution."

Among the soldiers were the men of Butler's Rangers, famous guerrilla unit. Their barracks still stands here and is to-day being used as a military storehouse. It was these men and their sons who formed the first Lincoln Militia. In the war of 1812 the population of Lincoln was 12,000 and the militia strength was 2,400, or 20 per cent. of the population—no Zombie army this.

These were the men who established British traditions in this land — traditions which are the springs of honour, freedom and justice on this planet and which traditions our troops are proudly maintaining in Europe today.

Originally, six regiments of Lincoln Militia were formed and the colours of four of these regiments are still in existence. All six fought in the war of 1812 and were also on duty in the rebellion of 1837. In 1846 the 2nd Regiment Lincoln Militia became the 1st Welland Regiment. In 1863 the eight volunteer companies which existed in Lincoln and Welland counties became the 19th Battalion and took part in the Fenian Raid.

Then, in 1866 the Welland county companies were withdrawn from the 19th Battalion and formed into a new unit, designated the 44th Battalion. In the Great War, companies of the 19th and 44th were represented in various C.E.F. Battalions and perpetuate the 81st, 98th and 176th Battalions C.E.F. In 1936, the Lincoln Regiment and the Lincoln and Welland Regiment were amalgamated into the present Lincoln and Welland Regiment.

In the present war the regiment was mobilized the day before war was declared and posted to the Welland Ship Canal. It was later disbanded although a tank regiment and most were overseas. In June, 1940, the 1st Battalion L. & W. Regiment (C.A.) was mobilized and subsequently served on the west coast, Newfoundland, and now on active service overseas. In August, 1940, the 2nd (R) Battalion was formed.

Speaking of the unit's record, Lt.-Col. Morrow, C.O., said Sunday: "We have sent 1,000 men and 50 officers from the 2nd Battalion to the various armed forces. From

existing facts we believe that the regiment has given the armed forces over 3,000 officers and men."

Gum Supply For Troops Overseas

Grimsbey merchants have a supply of order blanks can take care of your needs. Next time you send an order of cigarettes, send an order for gum.

On Tuesday, June 6th, the Columbia broadcaster from London, describing the start of the great Invasion said, "Our boys tightened their belts—chewed on their gum, and are on their way to France."

Gum chewing has become an international habit and although Canadian military authorities have not authorized giving out chewing gum as a regular ration, as have some of our Allies, the demands for chewing gum from Canadian boys and girls in the armed forces have presented a production and distribution problem.

On May 1st, 1944, the American Wrigley Company gave their entire output to the U.S. Army and Navy, and now the Canadian Company has devised a new Wrigley Overseas Gum Plan so that a maximum allotment of its product will reach the fighting forces overseas.

seas.

The Canadian Wrigley Company has provided retailers throughout Canada with order forms so that mothers, fathers, wives, sisters, brothers, sweethearts, and friends can now send a full 20-package box of Wrigley's Spearmint, Doublemint or "Juicy Fruit" chewing gum to members of the armed forces overseas.

With every box of Wrigley's chewing gum shipped overseas there are enclosed 2 postcards so that the recipient can acknowledge receipt of the package to both the sender of the gum and the Canadian Wrigley Company.

Invasion Troops Get Their Beer

LONDON—The British Ministry of Food together with the Navy, Army and Air Force Institute and the British Brewing Industry, has made special arrangements to fly satisfactory supplies of beer to the troops in Normandy in specially prepared auxiliary Spitfire fuel tanks.

Supplies are expected to be more generous than were available in Italy, Sicily or North Africa and British civilians are cheerfully taking a considerable cut to make this possible.

Army authorities have always concluded that beer is a morale builder, second only to mail.

A homing pigeon released at Arras in France on August 15, 1931, reached its home in Saigon, Indo-China, 7,200 miles away, in just 24 days.

DISHONEST PICKERS

shipment had been found in the same condition.

The shippers traced down the growers of the fruit in question and in turn it was traced back to the picker, although in one case in berry season, a grower was actually known to have buried in the centre of a crate, several boxes of whacky cherries.

Pickers have been paid good money, big money for picking cherries and there is no doubt that picking prices for the rest of the fruit crop will be away above the average of normal years, therefore it behooves them to be honest and give the grower and shipper a decent deal.

Unfortunately there is no law under which these unscrupulous pickers can be prosecuted, otherwise there would be a quick method of stopping this dirty, dishonest tactic.

GRIMSBY BOY HAS

officers in the Allied Expeditionary Air Force, Morris was studying to be a teacher of literature before joining up. Now he thinks he will study electronics and physics after the war with a view to teaching the subjects in High School. "Until I joined the Air Force I knew nothing of radio work and I find it very interesting," he said.

He has had an opportunity to examine German radio equipment from shot down planes, and doesn't consider that Germany's equipment is up to British standards.

The bombers which the boys help to service include Mitchells, Mosquitos and Bostons attacking the enemy behind the European battlefield in Normandy. The Mitchells are now bombing the flying bomb-launching sites in the Pas de Calais area.

(Note: F/O Morris is a son of W. H. and Mrs. Morris, 7 Kidd avenue, and a nephew of Mrs. Ada Bromley.—Ed.)

COUNTY TAX LEVY

a township responsibility between Caistor and Gainsboro Townships. It also passed by-laws to purchase small pieces of land from Harry Jeffery and Irvin Comfort to straighten a dangerous bend in a county road in Gainsboro Township.

The county roads department was authorized to lay a concrete floor in No. 2 corridor at the county jail later this year.

Two resolutions were endorsed: one from Wentworth County asking that legislation be provided whereby claims for damage from faulty drainage or flood would be dealt with by a drainage referee, rather than through civil courts, and one from Kent County, asking more gasoline and tires for municipal officials and certain types of farmers.

A letter from the Lincoln Music Festival Association thanked council for its grant of \$100, and explained that it is difficult to comply with council's request to hold the annual festival alternately in the city and county. During wartime, transportation and meal catering is difficult, especially where school choruses are considered. Their letter was filed after discussion.

ZOMBIE NEITHER

permanently disabled by wounds; and they are not civilians, as the Government has refused to permit them to return to civil life and earn their own living. These Zombies are clothed fed and housed at a cost of millions a year and of no value to themselves or the country at war in their present capacity. Nice girls do not dance or dine with them; "G.I." personnel object to being associated with them under any circumstances, and they are now regarded by the public as a group of cowards.

As an old soldier who has handled thousands of men in peace and war, I am absolutely convinced that these Zombies are not cowards or men lacking in ordinary courage, but are normal individuals that the Government, in playing a cat-and-mouse game under the Mobilization Act, has manoeuvred into the humiliating position where they are now rapidly losing their self-respect and the esteem of the public, and where they will undoubtedly become a sulky or mutinous mob which the Government or the military authorities cannot handle. If all men are treated alike in a national emergency under compulsory service laws for both soldiers and civilians and no preferential treatment is permitted

on grounds of race or religion, groups of men such as our 70,000 Zombies and other unjustly exempted individuals would cease to exist and all causes of friction, criticism, unreasonable bullying and ragging would be abolished automatically. Under old French law a criminal condemned to death was not informed of the hour or date of his execution, and the period spent between his sentence and death was one of appalling torture and uncertainty, as during every hour of the day or night the opening of some door, the creak of a floor or a distant footstep might signify his call to death. The Government, in keeping the Zombies in a state of uncertainty regarding their future, is likewise guilty of an unnecessary and cruel procedure, and men of high-strung or nervous characteristics will be physical wrecks even before they reach a port of embarkation for service overseas.

The claims, by some Cabinet Ministers and M.P.'s, in support of a volunteer system in war, that a volunteer is a better man than a conscript are wholly inaccurate and have not been proved in past wars, or in this, where conscript soldiers of Great Britain, the U.S.A., Russia, Germany, Japan, et al, have fought with unsurpassed courage and determination, and as the men of France would have fought if they had not been betrayed by unscrupulous politicians. Men in battle always fight according to their own particular characteristics, and the fact that they are volunteers or conscripts has no bearing on the subject of military efficiency which is entirely a matter of adequate training. A brave man is brave and a coward is a coward under any circumstances.

Assuming, too, that our volunteer system breaks down, as it un-

doubtedly will here the war with Germany and Japan is concluded, and the Zombies are sent overseas as reinforcements, military men are fully aware that these men will be spotted at once will be regarded with suspicion by their war-experienced comrades, and their trustworthiness in battle will be questioned. Once suspicions of this description arise in a battery, battalion or regiment, then these units lose their fighting efficiency to a marked extent, and no Government of any country at war has the right to tamper with the efficiency of a combat unit.

Furthermore, Canadians have the right to be proud of the record of our fighting men in past wars and of our overseas lads in this, and no Government by its actions is entitled to place our existing war record or effort in a position where it can be adversely criticized by our allies.

The people of Great Britain are too polite and considerate to criticize our conduct of the war on a volunteer basis, but the Americans are not in this category, and their uninvited criticisms and thinly veiled sneers on this subject have hurt and humiliated us, because we know they are justified, and that no nation can pull its full weight continuously in war under the grave handicap of a volunteer system.

I hope and pray that at the next Federal election the fair-minded men and women of Canada, irrespective of party, race or creed, and especially those with relatives overseas, will vote only for men who favor the abolition of the Zombies and our volunteer system of service and the adoption of a compulsory system under which our lads in the fighting services will receive adequate reinforcements at all times and in all places, not only in the near but in the distant future, when we shall be obliged, as a matter of national honor and policy, to support our allies in the war against Japan to the fullest extent of our power.

To be handed a lemon nowadays a man is lucky.

EARLY APPLES
Price ceilings have been announced by the Wartime Prices and Trade Board for early apples. This will result in somewhat lower retail prices than prevailed last year.

No ceilings were in effect for early apples last season, and sales of the main crop were not brought under price control until October 1.

lated to the high cost of production for the unusually light crop. Present indications point to a "much better" crop this season, and ceilings have been lowered.

The peach shippers' ceiling price this year in Eastern Canada for the standard basket of approximately 10½ pounds will be 72 cents, a reduction of 11 cents from last year.

Wholesale and retail mark-ups remain the same as last year, and the board said the reduction in shippers' ceilings will be reflected in lower prices to the consumer.

Shippers' ceiling for six-quart Lemo baskets of pears (all varieties except Kieffers) No. 1 grade, will be 72 cents. For Kieffer pears the corresponding ceiling is 50 cents.

For all varieties of plums and fresh prunes, the shipper's ceiling is 66 cents per six-quart basket.

Floor prices for processed fruits have been set by the Ontario Marketing Board as follows:

Plums, \$90; Bartlett pears, No. 1, \$100; No. 2, \$70; Kieffer pears, No. 1, \$40; No. 2, \$40. Peaches: Elberta and Golden Jubilee, \$97.00; W's, \$92.50 per ton.

These prices include the government subsidy to the processor.
